

# ACSA'S SHOOTER'S ECHO

MAY 2011

## President's Corral

Howdy folks,

Last month was a mess with the rain and all but there were some hard chargers that still shot. Railhead is closing in fast, so if you are planning to come its getting down to the wire on applications.

There has been some more discussion concerning Shooting for the Silver and changing categories mid- stream. The way it was ruled to work is you designate your category at the start of the year. Since it has been in the past where people didn't decide or even pay their memberships up to April or May, we allowed the choice to go to March this year. With that said, next year will start in January so be ready.

As far as changing categories in the middle of the year we understand life changes and surgeries change how people can shoot. When medical issues arise and a category change is requested, your board will decide on a case to case basis. If you're in an age based category which changes somewhere after you designate your SFS category, you can shoot the new category or remain in the same category but if you shoot the new one, it won't count for shooting for the silver.

Your board also has decided if there are any changes to be made which affect major topics like shooting for the Silver, no new changes will take place until the start of the next year.

This year Winter Range has moved its date which has a minor impact on our monthly match in February 2012. The new dates may benefit our match for the WR folk who come in early. We may set up 8 stages to accommodate them shooters who would like to shoot with us in practice for WR. We could get a lot of participation. As information comes in I will keep you up to date...

Shoot straight and if you can hit them targets, get rid of them crooked bullets...

Deputy Curly, President

## JACKRABBIT'S CORNER DID YOU KNOW!!!

The 1938 movie "The Adventures of Robin Hood" w/Errol Flynn & Olivia DeHavilland.

Olivia rode Trigger in that movie. Trigger was bred on a farm co-owned by Bing Crosby.

Roy bought Trigger on a time payment plan for \$2,500.00. Roy & Trigger made 188 movies together. Trigger even outdid Bob Hope by winning an Oscar in the movie "Son of Pale Face" in 1953.

When they closed the Museum just recently, Trigger was sold at auction for \$266,500.00.
