

# ACSA'S SHOOTER'S ECHO

MARCH 2011

## President's Corral

Well ya'll another month has gone by, if you haven't renewed your membership there is time. If ya'll haven't signed up for Railhead do it soon cause we have close to 50 shooters signed up already and more to come.

The clarifications for shooting for the silver were discussed at the last match as well as put in the February Newsletter.

Our last board meeting we approved a club level new category, Elder Statesman Duelist. We decided to try it for a year to see the participation level.

The Expo is this Month so we need as many club members as we can get to help out. You don't have to be there both days, for that matter all day either. Its fun showing people our sport and it's a great opportunity for us to get more members.

We are also planning to have a table at upcoming gun shows and events at Cabella's and other places and these help to get membership as well. Beside, you can get in to the gun show free if you work it.

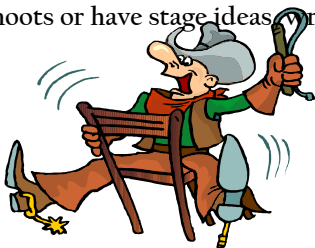

I also encourage folks to watch the movie "Rustlers Rhapsody" since that's the theme for this years Railhead. Who knows there may be trivia questions or other tidbits from the movie that will be a part of the match. (wink wink). If I know Cactus Wen, he'll be a scheming and planning along with others to make it a great match.

Arizona Gambler has decided to step down as member at large. In the interim, Jackrabbit Joe has kindly stepped up to take the spot until the election this year.

If you have any ideas for the shoots or have stage ideas, write it up and forward it to the board.

Deputy Curly

President, ACSA

### NEXT MONTH

Ben Avery Shooting Facility

|                   |            |
